Andreas Christian Müller

Machine Learning Scientist

Email: andreas.mueller.ml+cv@gmail.com
Web: http://amueller.io

January 2021

Education and Qualifications

2009 Diploma in Mathematics, University of Bonn
Thesis: "Singularities of Minimal Degenerations in Affine Grassmannians"
2014 PhD in Computer Science, University of Bonn
Thesis: "Methods for Learning Structured Prediction in Semantic Segmentation"

Current Position

since 2020 **Principle Research SDE at Microsoft** Research and open source activities in the Gray Systems Lab

Past Positions

2010–2013	**PhD Student at the Department of Computer Science, University of Bonn, Germany** Advisor: Prof. Sven Behnke.
2010–2013	PhD Scholarship of the B-IT, Bonn/Aachen, Germany
2011 and 2013	Lecture Assistant at the Department of Computer Science, University of Bonn, Germany
2013–2014	**Machine Learning Scientist at Amazon Development Center Germany** Design and implementation of large-scale machine learning and computer vision applications.
2014–2016	**Research Engineer at the NYU Center for Data Science** Development of open source tools for machine learning and data science.
2016–2020	**Lecturer in Discipline, Associate Research Scientist at Columbia University** Teaching in the Data Science Master program, scikit-learn development and various research activities.

Awarded Grants

- *Scikit-learn maintenance and enhancement to gradient boosting and search* (PI). Chan-Zuckerberg Initiative $150k. 2019-2020.
- *Extension & Maintenance of Scikit-learn* (PI). Alfred P. Sloan Foundation. $313k. 2017-2019.
- *Analysis and Extension of Scikit-learn* (PI). Bloomberg. $63k. 2017-2018.
- *SI2-SSE: Improving Scikit-learn usability and automation* (PI). NSF. $400k. 2017-2020.
- *Big Data Map and Assets Platform (BDMAP) Phase I - Collaborative Resource and Understanding eXchange (CRUX)* (senior personel, project lead). NSF. $100k. 2017-2018.
- *Building blocks and Search Improvements for Automated Machine Learning Model Selection* (PI). DARPA. $351k. 2018.

Open Source Contributions

- Core developer and member of the Technical Committee for the Python machine learning package "scikit-learn"[1].
- Creator and maintainer of the Python package "PyStruct"[2] for structured prediction.
- Co-author of "CUV", a C++ and Python interface for CUDA, targeted at deep learning.[3]
- Contributor to the Python computer vision package "scikit-image"[4].

Professional Activities

Journal Editorial Board

- Action Editor, Journal of Machine Learning Research, OSS Track

Journal and Converence Reviewing

- Nature
- Neural Information Processing System
- International Conference of Machine Learning
- European Conference of Computer Vision
- Journal of Statistical Software
- Journal of Machine Learning Research
- Journal of Pattern Analysis and Machine Intelligence

Postdoctoral Fellows

- Jan van Rijn
- Nicolas Hug

Advising and Consulting

- Scientific Advisor, Life Epigenetics
- Scientific Advisor, Ocean Protocol Foundation Ltd
- Advisory board, Scikit-learn @ Inria Foundation

Publications

Books

1. Müller, A and Guido, S. (2016). *Introduction to Machine Learning with Python*. O'Reilly.

Journal Publications
