

Andreas Christian Müller

Curriculum Vitae

March 2017

Address: 156 East 2nd Street, New York, NY

Phone: +1 347 697 3364

Email: importamueller@gmail.com

Education and Qualifications

2009 Diploma in Mathematics

University of Bonn

Thesis: "Singularities of Minimal Degenerations in Affine Grassmannians"

2014 PhD in Computer Science

University of Bonn

Thesis: "Methods for Learning Structured Prediction in Semantic Segmentation"

Current Position

Since 2016 **Lecturer in Data Science at Columbia University**

Teaching in the Data Science Master program, leading a data science helpdesk.

Past Positions

2010–2013 **PhD Student at the Department of Computer Science, University of Bonn, Germany**

Advisor: Prof. Sven Behnke.

2010–2013 PhD Scholarship of the B-IT, Bonn/Aachen, Germany

2011 and 2013 Lecture Assistant at the Department of Computer Science, University of Bonn, Germany

Spring 2012 **Visiting Scientist at the Austrian Institute of Science and Technology**

Host: Prof. Christoph Lampert

Summer 2012 **Research Intern at Microsoft Research Cambridge**

Hosts: Carsten Rother, Sebastian Nowozin

2013–2014 **Machine Learning Scientist at Amazon Development Center Germany**

Design and implementation of large-scale machine learning and computer vision applications.

2014–2016 **Research Engineer at the NYU Center for Data Science**

Development of open source tools for machine learning and data science.

Open Source Contributions

- Maintainer and core developer for the Python machine learning package "scikit-learn"¹.
- Creator and maintainer of the Python package "PyStruct"² for structured prediction.
- Co-author of "CUV", a C++ and Python interface for CUDA, targeted at machine learning and computer vision.³
- Contributor to the Python computer vision package "scikit-image"⁴.

¹<http://scikit-learn.org/>

²<http://pystruct.github.org/>

³<https://github.com/deeplearningais/CUV>

⁴<http://scikit-image.org/>

Peer Reviewing

- Neural Information Processing System
- Journal of Machine Learning Research
- Journal of Pattern Analysis and Machine Intelligence
- European Conference of Computer Vision

Spoken Languages

- German: Native.
- English: Full professional proficiency.
- French: Elementary proficiency.

Programming Languages

- Very strong knowledge: Python, Cython
- Good knowledge: C++ (C++03 and C++11), CUDA
- Basic knowledge: Java, Scala, JavaScript

Publications

Books

1. Müller, A and Guido, S. (2016). *Introduction to Machine Learning with Python*. O'Reilly.

Journal Publications

1. Schulz, H., A. Müller, and S. Behnke (2011). Exploiting local structure in Boltzmann machines. *Neurocomputing* 74(9), 1411–1417. ISSN: 0925-2312.
2. Abraham, A., F. Pedregosa, M. Eickenberg, P. Gervais, A. Müller, J. Kossaifi, A. Gramfort, B. Thirion, and G. Varoquaux (2014). Machine learning for neuroimaging with scikit-learn. *Frontiers in Neuroinformatics*.
3. Müller, A. and S. Behnke (2014). PyStruct: Structured Prediction in Python. *Journal of Machine Learning Research*.
4. Varoquaux, G., L. Buitinck, G. Louppe, O. Grisel, F. Pedregosa, and A. Müller (2015). Scikit-learn: Machine Learning Without Learning the Machinery. *GetMobile: Mobile Computing and Communications* 19(1), 29–33.

Conference Publications

1. Müller, A., H. Schulz, and S. Behnke (2010). Topological Features in Locally Connected RBMs. In: *Proceedings of the International Joint Conference on Neural Networks (IJCNN)*.
2. Scherer, D., A. Müller, and S. Behnke (2010). Evaluation of pooling operations in convolutional architectures for object recognition. In: *Proceedings of the International Conference on Artificial Neural Networks (ICANN)*. Springer, pp.92–101.
